## **DETAILED ACTION**

## Claim Rejections - 35 USC § 112

1. Claims 2-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In Claims 2-4, 6 and 10, the items b) to e) are additional components. The word "additional" or "further" should be used. Also, Claim 6, the formulae (VI) and (VII) are not defined.

In Claims 8 and 9, the formulae are not defined except formula (I).

In Claim 11, the formula (VIII) should be formula (VIIIa).

Claims 5, 7 and 13 are rejected because they are dependent claims.

In Claim 12, the items c) to e3) are not optional (cannot be 0%) according to Claim 10.

## Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 3. Claims 1-3, 5-8, 12 and 14 are rejected under 35 U.S.C. 102(b) as being anticipated by DE 10,152,831.

The reference composition (Example 4 on page 21) comprises the present compounds represented by the formulae (I), (II), (IIe), (VIa) and (VIIb). The reference

Art Unit: 1756

composition has a dielectric anisotropy value of 11.2, which anticipates the claimed invention.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shean C Wu whose telephone number is 571-272-1393. The examiner can normally be reached on 9:30 AM to 6:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Huff can be reached on 571-272-1385. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
